Queensland Student Course Guide 2019 Children's Services

Train
Learn
Connect

Dear Potential Student,

Having worked in the training industry for many years and having been a student myself on several occasions, I understand how important it is to select a training college that will not only deliver the qualification of your choice, but do so in a supportive, professional and innovative way.

TLC Training Solutions is jointly owned by a group of 4 passionate women who have worked together for many years in previous training roles, share a united belief in high quality, trainer supported learning models, that reflect the individual learning style of the student and ensures the study journey is both enjoyable and rewarding. To continue offering the workplace model we love and strongly endorse, we decided to form our own company in 2009. So, with combined determination and an abundance of industry support - TLC Training Solutions was born!

Our Training Consultants have all worked in the industry in which they provide training and assessment and love sharing their own experiences with you. When choosing TLC, you can be sure you have chosen a group of professionals who will be there for you all the way and you can be certain you have made the right choice.

TLC values lifelong learning and a holistic approach to training. Some think of **TLC** as supporting their clients training by providing some **Tender Loving Care**, and whilst we like to think we do just that, TLC is also reflective of the services we can offer.

T= Train. We provide training in many nationally accredited courses which are recognised across Australia.

L = Learn. If you need to or want to know more about the industry in which you are employed, TLC offers a variety of professional development workshops that cover many topics of interest related to your industry. If we don't advertise one you are after - ask us - we are developing new courses all the time and are only more than happy to accommodate your needs where able.

C = Connect. If you need to connect to your staff through team building workshops, we can assist. If you want to access pre-employment programs to connect to the workforce, we are there to help.

So for whatever reason you have come to find out more about TLC Training Solutions, we thank you and are pleased to present our program of qualifications.

Please do not hesitate to contact our office on 1300 327 708, visit our website at www.tlctrainingsolutions.com.au or email us at info@tlctrainingsolutions.com.au should you require further clarification on anything you find in the Student Course Guide.

Oh, and don't forget to like us on Facebook! 

Kind Regards,

Teena Sapwell
Managing Director

Congratulations! You've chosen a career that will see you working with children.

It takes a special person to devote their career to caring for our 0 - 12 year olds. Will your career choice take you to the magical world of a nursery filled with our youngest Australians? Will you become an outside school hour's carer where you become involved in the lives of energetic 6 – 12 year olds whose next journey will be that of high school? Will you be part of the dynamic preschool years where life is one big adventure? How about converting your home to an innovative and nurturing family day care environment? Or, do your dreams see you as managing these types of services in your role as an Educational Leader or Nominated Supervisor? Wherever your study takes you, it is assured it will be one that is both challenging and rewarding that will significantly impact on many lives including parents, children, co-workers and the community.

Educators are professionals. They are warm, friendly approachable human beings, who demonstrate patience, understanding, imagination and energy.

If that's you – then a career working with children has been a perfect choice. Welcome aboard and enjoy the wonderful world of Early Childhood.

Studying Through TLC Training Solutions

TLC Training Solutions prides itself on offering flexibly delivered workplace based training that is nationally accredited. That means – we come to you! All Training Consultants employed by TLC have extensive industry experience and have all worked in child care and/or education at some stage of their career. We understand therefore the multi-faceted roles of those working in the field and how exhausting keeping up with children can be. Training Consultants draw on their experience as well as current practices to enhance every student's learning and development. To support consistency, familiarity and develop long term, supportive relationships, all Training Consultants are assigned to regions in which will deliver TLC services. In addition, all Training Consultants are qualified and trained to deliver most of TLC's products and services, so whether you seek training in an accredited qualification or professional development courses, choose a traineeship or apprenticeship, or have the experience to complete a recognition process, then TLC is your one stop shop and once again your regional Training Consultant will be able to assist you!

To have us come to you, assess you in your daily role, and mark all assessment tools on site means you don't have to try and fit us into your life, we fit ours into yours.

We believe that learning comes from doing. Whilst we will provide you with the essential knowledge ensuring understanding of the skills you undertake, we will also be providing extensive opportunities for you to practice skills on a regular basis.

All of us have mentors and supervisors in our working lives and at TLC we believe in engaging these people in your learning journey by providing them with the opportunity to observe your practical skills and support you in your ongoing development.

Students won't all necessarily have the same learning needs or bring with them the same level of experience. TLC therefore works with you at enrolment to determine what study mode suits you best. Some may have the skills to be assessed via a recognition process whilst others may need to complete the qualification through learning and assessment provided in carefully selected text books, training sessions with your training consultant and assessment tools and tasks that are industry relevant.

If you like a class based model, then we can combine a class program with vocational placement so you not only have face to face, trainer directed learning, but you still have us supporting you in a host workplace for that very important hands on learning component.

Please note: ALL our children's services courses require an on the job component regardless of mode of study.

Study Modes to Suit Your Lifestyle and Learning Needs

There is a saying that goes – *“I hear, but I may forget, I see, and I may remember, but I do, and I understand”*

TLC believes this saying is the core to quality training and assessment in terms of vocational education that is competency based. Whether you commence study via a pre-employment program, a class based program, complete via recognition of prior learning, are registered as a trainee or apprentice, or are yet to find regular employment in the industry, you will be involved in workplace training and/or assessment where you will implement and understand all that we teach you.

Many of our students are existing workers, and their workplace becomes a crucial part of their training. If you aren't yet employed, so will commence study externally, you will still be required to attend an approved workplace to undergo vocational placement.

Workplace Based

Workplace based training is most commonly referred to when you are employed in an industry directly linked to your course, and your workplace from day one is going to be both your learning and assessment environment. TLC will provide, as part of your learning and assessment tasks, activities and assessment that incorporates your everyday job role and functions, workplace policies and procedures, and the government legislative requirements that are applicable to your state or service. Your trainer will conduct learning and assessment in your own workplace. Workplace based also applies to those students who are not yet working in the industry but have access to a suitable workplace and a Vocational Placement Agreement is in place. In both cases, Workplace Based students are within regions that TLC trainers regularly access.

External

External simply means that you are working and / or living in a region that TLC does not currently offer regular training visits to. If we can still get a trainer to you for on the job assessment visits, then learning will be offered with your trainer via skype or phone with assessments required to be sent to us for marking, You will still be required to attend an approved workplace to undergo vocational placement if you aren't working in the industry, and part of your assessment will be conducted there. In addition, a face to face enrolment visit is required. External students will be charged an additional fee to cover these visits due to distance and time in travelling.

Class Based

In a classroom delivery model, you will be trained and assessed through a combination of group discussions, personal reflections, trainer lead discussions, learning guides, assessment booklets and practice scenarios. Class based, although more structured is a very interactive and supportive mode of study. Classes are only offered if there is demand.

We do offer tutorial sessions on occasion and these are advertised on our website. Tutorials are for students to meet with peers, have quality trainer time and get assistance if needed.

Traineeships and Apprenticeships

TLC Training Solutions offers both Fee for Service and State Funded Traineeships and Apprenticeships* to eligible applicants.

State funded **Traineeships** are for Certificate III level courses and are paid for in most part by the State with a State determined student contribution fee that must be paid for by the student *and/or* employer. With 'Fee for Service' Traineeships, although you will still be registered as a Trainee, ALL fees will need to be met by you and/or your employer. No fee applies for 2018 year 12 graduates.

State funded **apprenticeships** are for Diploma level courses and are paid for in most part by the State with a State determined student contribution fee that must be paid for by the employer. With 'Fee for Service' Apprenticeships, although you will still be registered as an Apprentice, ALL fees will need to be met by your employer. Please note: No fee applies for 2018 year 12 graduates.

The modern award now requires employers to pay for all student fees relevant to Apprentices in QLD. How and when an employer pays the fee (whether initially or elects to have the Apprentice pay in the first instance and then reimburses the Apprentice on completion), is a decision to be made between the apprentice and his/her employer on enrolment.

It should be understood though that if the Apprentice fails to make reasonable progression, the employer has the right to not reimburse the Apprentice for any fees paid.

Please call our office to discuss eligibility and enrolment process for either enrolment type.

* TLC has a pre-qualified supplier agreement with DET to support State Funded Traineeships and Apprenticeships.

Working Queensland Jobs Plan

TLC Training Solutions offers the Certificate 3 Guarantee* and Higher-Level Skills* funding to eligible applicants. This enables funding for both the Certificate III and Diploma in Early Childhood Education and Care. The courses are offered in a variety of modes of study including Recognition of Prior Learning (RPL), workplace based, external and class based (where there are sufficient numbers of class participants). The training is paid for in most part by the State, but a student co-contribution fee applies. It is important to note that this course requires a prominent level of commitment as students can only access each subsidy level funding once!

Please call our office to discuss the eligibility and enrolment process or visit www.training.qld.gov.au to access the student fact sheets.

* TLC has a pre-qualified supplier agreement with the Department of Employment, Small Business and Training to support the Certificate 3 Guarantee and Higher-Level Skills funding. As part of this initiative, within 3mths of completing or discontinuing the course you will be required to complete a Student Employment survey.

Year 12 Graduate Fee-Free Training Strategy

Year 12 graduates will be able to access fee-free training through two Queensland Government training investment programs, the Certificate 3 Guarantee (Certificate III level qualifications) and User Choice (Certificate III and Diploma level qualifications). The fee-free training will be available for Year 12 graduates for training in high priority qualifications which includes the Certificate III in Early Childhood Education and Care and the Diploma of Early Childhood Education and Care. The Year 12 Graduate Fee - Free training strategy is for those individuals that:

- ✓ have completed Year 12 in Queensland in 2018 and hold a Senior Statement issued by the Queensland Studies Authority
- ✓ enrol and start training with an approved training provider within 12 months of completing Year 12 (that is, by the end of the calendar year following completion of Year 12)
- ✓ are a Queensland resident.

Recognition of Prior Learning (RPL)

RPL is an assessment process that acknowledges a person's skills and knowledge required through previous training both formal and informal, and life skills which enables a student to demonstrate competence in a unit of study.

It is important to note, that RPL should not be viewed as an 'easier' option to gaining a qualification. Whilst there are no learning guides to complete, you will be required to demonstrate competency through the provision of evidence. Training Consultants will validate your competency against required skill sets (clusters of units of similar related outcomes). Validation may occur through a combination of interviews, verbal questioning, evidence, references, a resume, and professional development or third-party reports.

TLC strongly believes 'seeing is believing' so we make every attempt to ensure direct observation is an integral part of our RPL process. TLC does not promote an excessive evidence portfolio approach.

Credit Transfer

TLC Training Solutions recognises all statements of attainment and qualifications issued by Registered Training Organisations (RTO's) within Australia. Credit Transfer is a process for recognising formal training outcomes that have been achieved previously. If credit transfers are granted, the student may be awarded credit to the unit/s.

It will be necessary if applying for credit transfer to provide a certified copy of each transcript. Please be aware that whilst some units may map across to the qualification being undertaken, others may need to be examined through performance criteria and learning outcomes to determine the extent to which the unit completed can provide credit in a similar unit of study.

Please appreciate that TLC cannot just 'take your word' that you have completed units with another RTO nor can we just accept cover pages, training plans or similar documents. We need an actual transcript that has been certified. Credits and any applicable fee credit will not be applied without a certified transcript. Should you have difficulty in obtaining this from a previous RTO (for example, they may have ceased operation) you can apply for records of prior training outcomes from the Australian Skills Quality Authority by either the ASQA Info line on 1300 701 801 or by email at studentenquiries@asqa.gov.au. Linking us to your USI account will also assist us in obtaining any credits for units completed in QLD within the past few years.

Support Services

TLC Training Consultants are available via email or mobile outside of your visits. Please understand they have other students so if they don't respond straight away, they will get back to you ASAP.

We understand that you may at times need support in addition to your trainer's regular visits / contact. If you have a condition that can be supported by a letter from your Doctor, we recommend you apply for Disabled Australian Apprenticeship Wage Support (DAAWS) funding if you are registering as a trainee or apprentice. This will enable us to give you additional one on one mentoring and tutor support.

If this isn't an available option to you, we sometimes offer classes which may suit your learning needs better. If no class is currently available, depending on demand, we offer Student Support Hubs (Tutorial sessions) at various locations in Brisbane at which a training consultant is available to answer any questions or help with tasks. Call us or speak to your trainer if you wish to see if these options are currently available.

If for some reason your trainer is unavailable, and you have a question or need some support, email us on support@tlctrainingsolutions.com.au and we will try and assist. Alternatively, come and visit us on campus at 1 / 15 Corporate Place, Hillcrest.

If you are worried about any language or literacy issues or haven't studied for many years and are nervous about completing tasks and assessments, our trainers understand everyone learns differently and can even adjust tasks accordingly.

Frequently Asked Questions

Q: I have a First Aid certificate, but it is not HLTAID004. Will I still get a credit transfer against HLTAID004?

A: Unfortunately, 'No'. The First Aid unit in this course includes many new skills and knowledge that weren't contained in previous First Aid courses. Depending on the First Aid course you completed, we may be able to award some RPL and complete additional requirements through gap tasks.

Q: Can I complete the whole qualification through RPL?

A: Yes, RPL can be applied to a single unit or the whole qualification.

Q: Will I need to do vocational placement?

A: Yes, you will. The Certificate III requires a minimum of 120 hours in an approved service. Most students require more. You will also need to ensure that part of this placement is with the under 2 age group. If you are employed in a child care facility, your workplace hours are counted in time but if they do not cater for under 2's you will need to do a placement elsewhere. The same applies to the Diploma though vocational placement hours are 240 as a minimum.

Q: How do I pay my fees?

A: Fees and payment options are outlined in the payment schedule. Different modes of study and different funding programs have differing fee requirements. We do understand that the cost of study can put added strain on someone's budget. To ensure study is available to everyone we accept many methods of payment.:

For amounts under \$2000 - Ezidebit (a direct debit option)

For amounts over \$2000 – Study Loans (a student loan scheme) TLC can check eligibility and submit an application on your behalf.

For all amounts using a VISA or Mastercard Debit / Credit Card – EFTPOS (over phone with TLC)

For more information regarding Study Loans, visit <https://studyloans.com.au>

Q: I have English as a second language, can I still enrol?

A: Yes, as long as you aren't in Australia on a study VISA as TLC is not registered for International students. Generally, as a guide, you will need an intermediate level (IELTS Level 6) of English to undertake a Certificate III level course.

Q: Where does TLC deliver training and assessment?

A: TLC currently provides training and assessment options to students located within the Brisbane metropolitan area, the Gold Coast, Caboolture region, Bay Side and Ipswich. Students who will be accessing an Early Childhood facility (for work or vocational placement) outside these areas can be enrolled as an External student, but only if we can reasonably provide trainer access to your area and if so, additional fees will apply,

Qualification Outline: Early Childhood Teacher - Bridging Program **Diploma of Early Childhood Education and Care**

N.B. There is no set textbook for the Bridging Program but there are strongly recommended texts. The Department of Education and Training advise the following texts would greatly assist students in completing assessments and provide useful resources for the role of early childhood educator or teacher.

1. Walker, L., Miller, S., & Tansey, S. (2014). The Early Childhood Educator for Certificate III.
2. Walker, L., Miller, S., & Tansey, S. (2014). The Early Childhood Educator for Diploma.

As the texts aren't compulsory, TLC Training Solutions does not include a text book fee in the cost of the course or supply the texts. TLC can purchase these texts for you for \$200 or you can source resources independently.

Primary teachers are eligible to enrol in the Bridging Program if they hold all the following:

- ✓ a primary teaching qualification that includes at least a focus on children aged 5 to 8 years old (for example, a qualification with a focus on children aged 3 to 8 or 5 to 12) AND
- ✓ teacher registration in Australia (or accreditation in New South Wales) AND
- ✓ a current first aid certificate or will gain one prior to completion of the program (HLTAID004).

A customised Bridging Program has been developed to assist Queensland registered primary trained teachers, who wish to work in Early Childhood services, gain Early Childhood Education and care qualifications. This program recognises that the skill set of these teachers is relevant to the Early Childhood Education and Care Vocational Education and Training qualifications. It is acknowledged that people with primary teaching qualifications have already gained many of the critical skills and knowledge necessary to work as an educator in an early childhood education and care or in school-age care service.

The Bridging Program is based on the current CHC Community Services Training Package. The Queensland College of Teachers Australian Professional Standards for Teachers were mapped against units of competency in CHC50113 Diploma of Early Childhood Education and Care. Credits were then granted for the following 4 units.

CHCECE001	Develop cultural competence (Core Unit)
CHCPOL003	Research and apply evidence to practice (Elective Unit)
CHCPRP003	Reflect on and improve own professional practice (Elective Unit)
CHCINM002	Meet community information needs (Elective Unit)

In addition, a further credit will be applied for those students holding:

HLTAID004	Provide an emergency first aid response in an education and care setting (Core Unit)
-----------	--

Gaps in training were identified and the missing units of competency (together with the credits awarded) formulate the Bridging Program.

Core Units (a further 21)

CHCECE002	Ensure the health and safety of children
CHCECE003	Provide care for children
CHCECE004	Promote and provide healthy food and drinks
CHCECE005	Provide care for babies and toddlers

N.B All courses other than RPL, User Choice and VET Investment courses include or attract a resource fee. Part of the resource fee includes provision of a text book or books. Should you lose or damage any text book during your course and require a replacement a **\$100 fee will be charged and payable prior to text book issue for each text book needing to be replaced. Please note: NO discount on the resource fee is given should you already have the text book as fee covers a variety of resources including enrolment costs and materials. ** *Price subject to change depending on distributor fees of the text book*

If you enrol via VET Investment (Certificate 3 Guarantee and Higher Level Skills), your fee includes a \$200 (or \$100 if concession) enrolment fee. This fee is NON Refundable should you cancel your enrolment or your enrolment expires prior to completion

Please note: Where text books are on loan for a specific course (some class and school based programs or where a few units only are being completed) students will be charged a text book replacement fee if issued book is lost or damaged and requires replacing.

How to Enrol

- Step 1. Contact our office on 1300 327 708 to speak with an enrolments officer. If you have already spoken to one of our Training Consultants and have already decided on what study option suits you best, still call our office as we will send you the pre-enrolment application kit or arrange a trainer to give it to you.
- Step 2. Read carefully the Student Handbook and the Student Course Guide so you are comfortable with all the policies, procedures and requirements that will relate to your enrolment and you as a student of TLC Training Solutions. Read in detail the outline of your preferred qualification, paying attention to any prerequisites or entry units required timelines for completion and all related fees.
- Step 3. Complete the pre-enrolment application, LLN and RPL application form (if applicable). Ensure all details are completed in full and use the RPL Candidate kit to guide you in making decisions regarding RPL. It's our commitment to you to stay in touch and help you progress through your application and enrolment but call us if you have questions and need to speak with us sooner.
- Step 4. You will need to provide any supporting information requested. Certified copies of your results of previous units completed are absolutely necessary if you are applying for credit transfers. This is known as a Statement of Attainment. If you have fully completed any courses, you will need a certified copy of the actual qualification plus a statement of results. Link TLC to your USI account to assist in this process. ID and other eligibility evidence are required for Certificate 3 Guarantee and Higher-Level Skills programs.
- Step 5. Forward the completed pre-enrolment application to our office and call us when all items on your student checklist are ready.
- Step 6. Once we have processed your application and know that you have everything else ready to meet finalise your enrolment, a Training Consultant will call you to confirm your enrolment visit. The office will discuss your fees and method of payment, complete a payment schedule and provide the Training Consultant with the rest of your enrolment paperwork and training materials.
- Step 7. During the visit the Training Consultant will ensure all paperwork is completed and answer any further questions. They will provide you with your text book, learning materials, or assessment tools should you be completing via RPL, discuss and implement a training plan, and commence your training. If you opted to pay during this visit, they will call our office for you to do so.
- Step 8. You will receive by email a Confirmation of Enrolment letter (original will be supplied by trainer at next visit) and invoice showing statement of fees due (or paid) and an invoice order showing expected issue dates of future invoices for each cluster as its commenced. Your initial invoice must be paid within 7 days of enrolment to ensure your next scheduled visit can proceed.
Please note: Statements of fees will be issued on completion of enrolment and then at completion of the course. Should you require a receipt at any other time during your course, please contact the office and we will be happy to email one to you or post it.
